From 'zero gravity' beds to robot waiters: Blasting off to space-themed hotels that transport holidaymakers far, far away

- Luxury Swiss lifestyle hotel the Kameha Grand Zurich launched a special 'space suite' on October 1
- The suite was designed by the German artist Michael Najjar – who will be the first contemporary artist in space
- MailOnline Travel takes a look at the new suite along with other gravity-defining hotels around the world

There might be water on Mars...

But when you can experience an extra-terrestrial existence in your hotel room, what's the big deal?

MailOnline Travel takes a look at the best of the world's space-themed lodgings from Switzerland to Singapore - including zero gravity beds, orbital bars and robotic staff.

The room was designed by Michael Najjar - the first contemporary artist in space as one of Richard Branson's Virgin Galactic Pioneer Astronauts

The Kameha Grand Zurich Hotel has opened a 'space suite' this month, with the idea being to immerse guests – or 'crew members' – in the atmosphere of a space station.
